NO STONE LEFT ALONE
MEMORIAL FOUNDATION

POPPY PLACEMENT PROTOCOL

1. IDENTIFY

At the cemetery you are assigned to there may be two main types of military headstones that you are looking for; the upright military headstone and the flat military headstone.

You may also happen to find a regular headstone with a military designation which you may also place a poppy at.

2. PLACE

Once you have identified a headstone, kneel towards the headstone. Please recite out loud the veteran's name and gently place the poppy at the base of the headstone.

3. REFLECT

After laying the poppy, please stand upright and take a moment to reflect on the veteran's service and sacrifice given so freely to Canada.
