

SOCIAL MEDIA INFO 2023

NSLA has a community of inspired social media followers across Canada and beyond.

We encourage all of our organizers and participants to follow the foundation on social media - and to share their own experiences, memories and thoughts of their NSLA experience as well.

When sharing on Facebook, Twitter, Instagram or TikTok, we encourage tagging the foundation and using our official hashtags...so that we can share in your reflection AND spread your message even further.

A NOTE ABOUT RESPECTFUL PHOTO AND VIDEO TAKING

During the ceremony and poppy placing, we ask that no photos or videos are taken except by designated NSLA photographers, approved media or the official school photographer (if there is one). Participants and attendees may take photos before and after the official ceremony.
